2014 BUDGET MESSAGE COMMENTS

General Fund

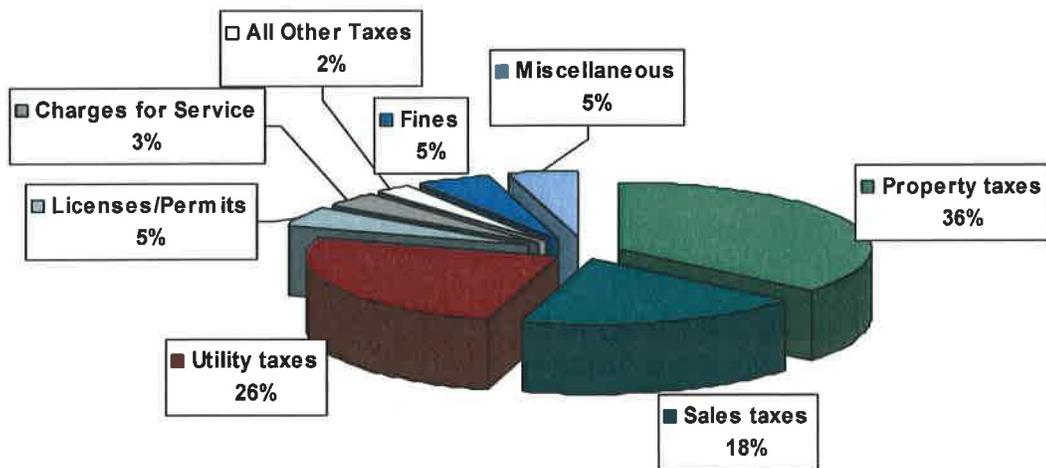

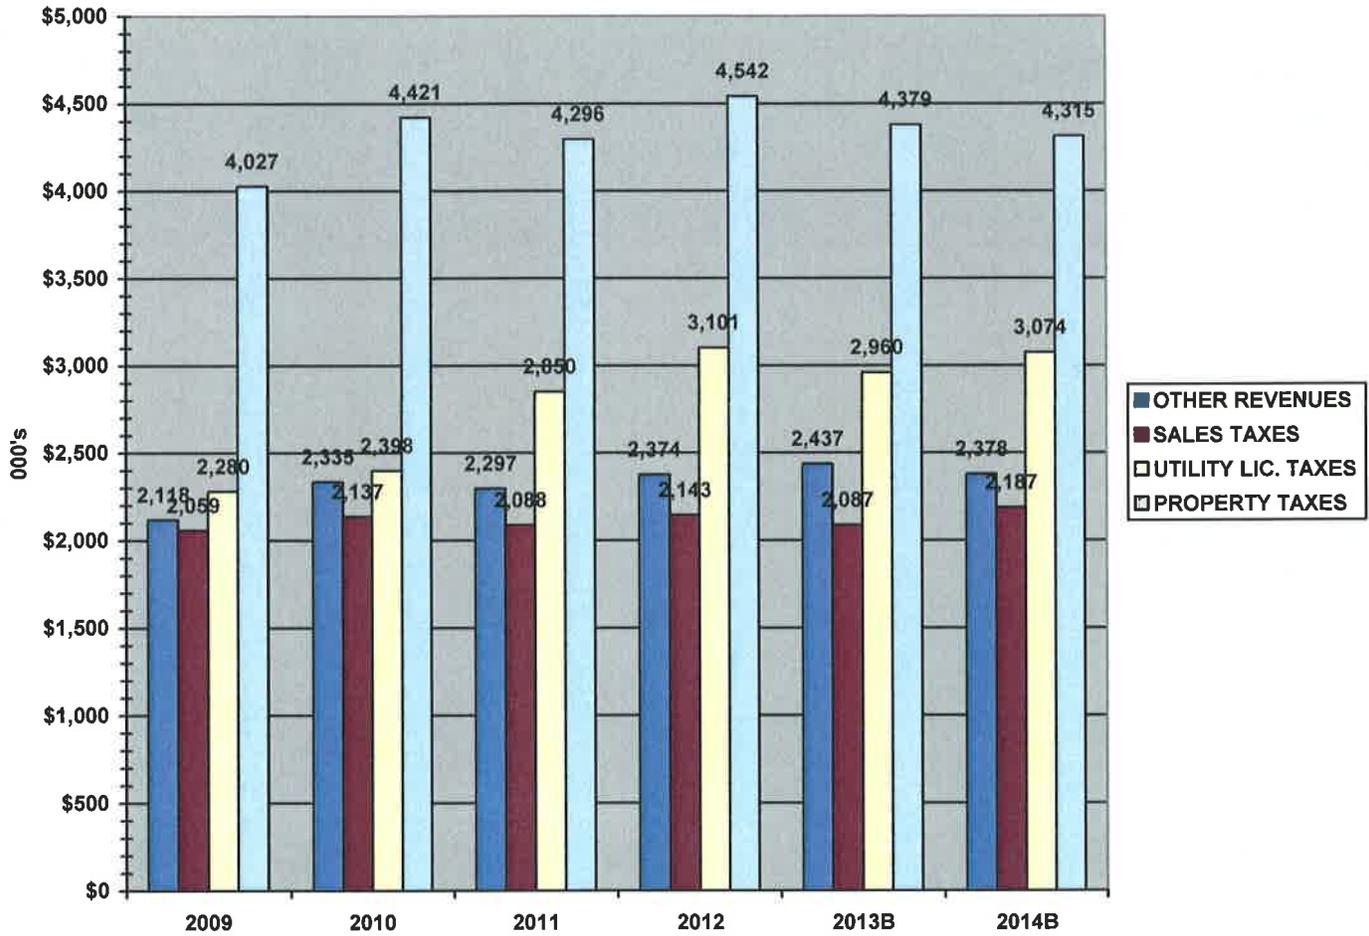

I. REVENUES

In general, most revenues for 2014 have been budgeted flat to 2013 projected results with certain modifications for known changes to city or supplier rates, policies, and reflections of overall economic conditions. As a rule, revenues are projected on the conservative side in order to assure attainment and to provide adequate coverage for expenses. As a whole, total General Fund revenue (\$11,953,560) in the 2014 budget increases a modest 0.8% due to gains projected in building permits, sales taxes, and ambulance service fees compared to the 2013 budget.

- Property taxes have been budgeted at the same rates and assessments as the post-BOE actuals for 2013. 2014 is not a scheduled reassessment year. Property taxes as a whole account for about 36% of total General Fund revenues in the 2014 budget.
- Building permits are up about 17% compared to 2012 (excluding the impact of the John Burroughs and MICDS school projects (\$236,924)) and about \$40,000 above the 2013 budget.
- Sales Tax (1 ¼ cent rate) revenue is forecast similar to the 2013 estimated track which is up about 4.8% over 2013 budget. Sales Taxes account for 18% of total General Fund revenues in the 2014 budget.
- Higher ambulance service fee rates were recently approved by City Council, and are reflected in the 2014 budget (+14% compared to the 2013 budget).
- Telephone tax revenues continue at higher levels reflecting post settlement revenues, and revenues from Sprint, and Virgin Mobile. Utility taxes as a whole (including electricity, natural gas, water, telephone) account for 26% of total General Fund revenues in the 2014 budget.
- Investment earnings remain depressed as City reinvestment opportunities of reserve funds reflect the continuing poor rate of returns available in the market.
- Sundry revenue includes payment to the City of an estimated \$78,861 from the Ladue school district for the School Resource Officer (SRO) contract (cost is in Police dept. personnel expense) and State/Local grant reimbursement of \$119,521 as the City supplies a police officer for the computer crime (RCCEEG) unit and \$10,000 related overtime cost reimbursed by the FBI (costs are in Police dept. personnel expense). The Sundry category in the 2013 budget included a projected grant recovery of \$76,500 for communications equipment from the St. Louis County Emergency Communications Commission which did not occur. This explains the overall decline in the category total from the 2013 budget.
- Interfund transfers from the Road/Bridge Fund (\$282,000) and from the Stormwater Fund (\$21,000) reflect an allocation of (General Fund) Public Works department costs incurred historically on behalf of these Funds.

2014 BUDGET MESSAGE COMMENTS

II. EXPENDITURES

Total General Fund 2014 budget expenditures of \$12,558,054 represent an overall 2.7% increase from the 2013 budget. This reflects a 3.2% increase in total personnel costs and no change in other total costs compared to the 2013 budget. Personnel costs (salaries, employer taxes, and benefits) account for 85% (about the same as the 2013 budget) of total General Fund expenditures.

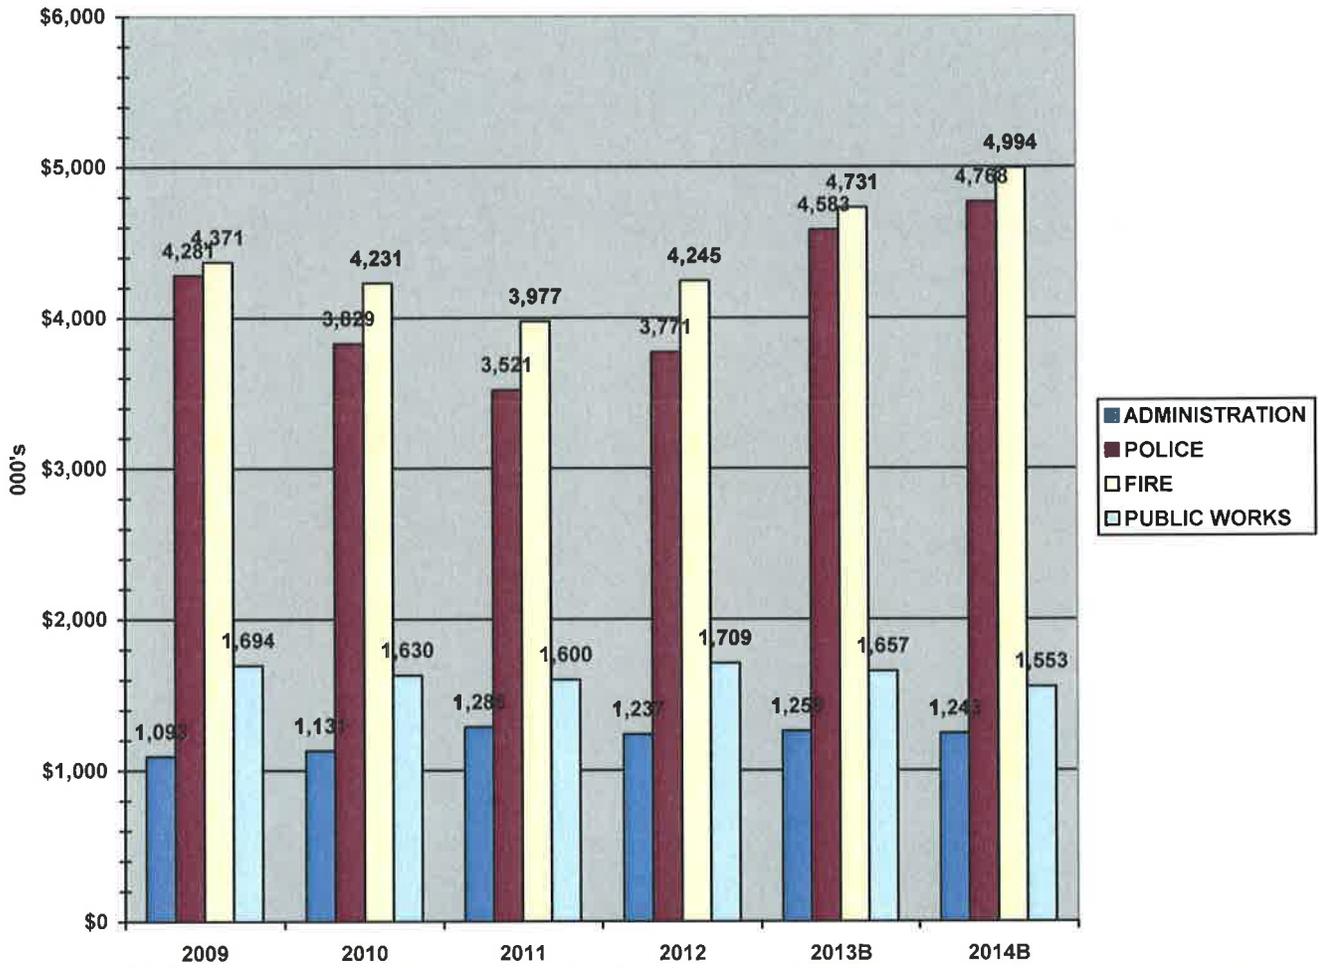

- Budgeted salaries expense reflects a forecast count of 86 full time personnel at the beginning of the 2014 budget year. This count includes restored levels in the Police Department and a reduction (-2) in full time headcount in the Public Works department. Salaries include a 2.5% economic adjustment applied on a pool increase basis as well as the effect of the step pay programs for positions in the Police and Fire departments. We feel the economic adjustment is warranted due to recorded St. Louis area inflation and a review of other community salary level budget changes (2.5% – 5.0%). As a whole, wages/salaries/temp agencies increase 2.8% in the 2014 budget (vs. 2013 budget).
- Overtime reflects a \$3,950 (2013B to 2014B) reduction in expense.
- Estimates that we are gathering from our insurance brokers regarding employee benefits insurance premiums for 2014 (second half) are as follows: medical insurance +12%; dental insurance +7%. Workers compensation insurance expense is expected to net increase 9.2% reflecting premium increases particularly in uniform job categories.
- Pension (Uniform plan) City contributions are estimated in the 2014 budget at \$1,538,000 (2013B = \$1,293,000) plus an additional planned City contribution of \$1,000,000 from reserves for a total City contribution of \$2,538,000.

Retirement (Non uniform plan) City contributions are estimated at \$195,000 (2013B = \$222,000) in the 2014 budget.

- Property, liability, and vehicle insurance costs are budgeted to increase about 10% at the new policy year (July 1).
- Utility costs reflect an expected 11% increase in sewer rates and a 1.7% increase in water rates in the second half of 2014.
- Motor fuel prices have been budgeted at \$3.40/gal for unleaded gasoline and \$3.55/gal for diesel.
