*(\* This permit expires 90 days after issue date & is issued subject to the provisions of the ordinances relating to excavations & obstructions to streets, alleys & public highways.)*

## Requirements of Permit

- Contractor is responsible for contacting Dig Rite prior to starting projects on City right-of-ways.  
(Missouri One Call 1-800-344-7483).
- Prior to beginning excavation, a contractor must notify the Public Works Foreman at 314-993-5665 regarding the starting date and end date of the excavation.

## REPAIRS

- All repairs in the roadway must be back filled with  $\frac{3}{4}$ " minus rock compacted in 6" lifts within 8" of finished grade. The top 8" will be finished by using a 6" concrete base with a 2" County "C" asphalt finish lift. If a roadway repair is not completed the same day, **contractor must install a steel plate overnight.**
- Areas included in the excavation [but not in the roadway] must be restored to the original condition. At minimum these areas should be seeded & straw put down.
