Application Checklist for Standby Generators:

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 "ADA", the application for generator permit is also available in alternative format (e.g. large print, Braille) upon request.

- 1) Site Plan indicating proposed generator location.
 - Minimum 10' from any operable door or window and 5' from all combustibles.
 - Must be in side or rear yard and meet principal structure setbacks.

District	Width of Required Side Yard	Width of Required Rear Yard
A	50'	50'
B	50'	50'
C	(1) 10 feet or 10 percent of lot width at the required front yard setback line, whichever is greater, need not exceed 20 feet.	30'
D	(2) 10 feet or 10 percent of lot width at the required front yard setback line, whichever is greater, need not exceed 15 feet.	30'
E	10'	30'
E-1	10'	30'

- 2) Generator details (copy from manufacturer brochure).
- 3) Building Permit Application Form completed/signed by property owner.
- 4) Subdivision Trustees: Trustee notification is required on any project affecting the outward appearance of the building. Trustees should be given the opportunity to review an applicant's plans. Subdivision indenture provisions may require alterations to a plan that is otherwise in conformance with City ordinances.
- 5) Copy of the Bona Fide Contract. (*Section 118-2 Ladue Code of Ordinances*)

ALL DRAWINGS MUST ACCURATELY REFLECT THE PROPOSED STRUCTURE AND THE SITE THE STRUCTURE IS LOCATED ON. THE BUILDING DEPARTMENT IS NOT RESPONSIBLE FOR INCOMPLETE OR INACCURATE SUBMITTALS.

CITY OF LADUE APPLICATION FOR BUILDING PERMIT

The owner is responsible for ensuring that the information on the Application is true and complete. If your property is in the flood plain, consult with the Building Commissioner before proceeding. The City Staff will assist you in meeting the requirements of this application.

Requirements for Applications

City Ordinances require that an application must have the following items at the time of submission:

- Site plans, drawings and specifications – 2 sets.
- The fully executed application form which must be signed by the owner or owner's agent
- \$100 deposit payable by cash or check

The Site Plan shall be drawn accurately to scale and must show the entire lot, building lines, existing and proposed grades (in terms of mean sea level elevations), street rights-of-way abutting the property, and all existing and proposed structures.

Applications without this site plan will not be accepted.

Plan Review

For standby generators, the application is submitted to the Assistant Fire Chief for review. Upon completion of this review, drawings are forwarded to the Building Commissioner's office for review as to conformance with the City's Zoning and Building Ordinances.

The Building Commissioner's review may reveal a potential violation of City Ordinances in the Owner's request. In such cases, the owner/agent may revise the proposal so that it complies with the ordinances and submit plans for further review.

When the City's review procedure has been completed the owner/agent will be notified that the permit has been issued or the review comments will be forwarded to the owner/agent. Building permit fees are paid when the permit is picked up.

Permit Fees, Inspections, Inspection Fees

Building Permit fees are assessed at the time the permit is issued based on preliminary cost estimates. Costs are \$100 base, \$5.00(residential) and \$6.00(commercial) per \$1,000 or part thereof in excess of \$1,000 plus inspection fees. The total fee shall conform to the total cost of the work or operation.

Other Important Information

Permit Expiration: Permits expire three months after the date of issuance unless the permitted work has begun. One extension up to six additional months may be granted by the Building Commissioner upon written application by the applicant stating the conditions which prevented commencement of the work within the three-month period.

Time Limit on Completion of Work: Work for which a permit was issued must be completed within a period specified by the Building Commissioner but not to exceed one year from date of issuance. The Building Commissioner, with the approval of the City Council, may extend the date for completion.

Permit Forfeiture and Cancellation: Permits issued but not called for or accepted by the applicant within thirty (30) days from issuance shall be cancelled and the deposit forfeited. Deposits on applications subsequently denied by the Building Commissioner will be forfeited.

Violations: Work conducted in violation of the City's building codes will be cause for revocation of the permit. Reinstatement of a permit can be accomplished only upon application to the Building Commissioner showing that the provisions of all city ordinances are being met.

Plans will be kept by the Building Department for five years following issuance at which time they will either be returned to the applicant or destroyed if they are not picked up.
