

Greetings from your Deer Creek Stream Team Organizers!

On October 9th, we will be hosting our next Honeysuckle Bash and Dash. This event is designed to keep the momentum from our steam clean up going but be short so we can get in, bash some honeysuckle, and get out before the Missouri heat turns up! We will be continuing the clearing with the goal of replanting in fall or spring (depending on tree/shrub availability)

This event will be a four-hour event and will start October 9th at 8 am and finish by 12 pm. We will be meeting at Ladue Middle School, parking lot, in front of the school at 8 am to check-in, assign teams and cover safety requirements.

We are asking all attendees to please sign up through the following link: [Please click here to sign up.](#)

Please bring:

- **Gloves, if you have them.**
- **Tools such as handsaws, loppers, if you have them. We will also have a limited number of tools available.**
- **Water bottle.**
- **[Linked liability waiver](#), completed.**

Please dress for the weather. Recommend wearing long sleeves, long pants, hat and sturdy shoes. Due to the shorter timeframe, we won't have bathroom access for this event.

Poison ivy, poison oak, ticks and chiggers are out this time of year so please exercise caution and wear bug repellent.

Please review the [linked safety checklist](#), in advance.

And so many thanks to the wonderful support and sponsorship from the City of Ladue, the Ladue School district, Ladue Education foundation, Missouri Department of Conservation, and the Open Space Council.

Hope to see you there!

The Deer Creek Stream Team Organizing Committee
